AGILITY HELP!

Our next agility trial will be at YABTC on Friday, Saturday, and Sunday June 21-23.

We will be setting up for the trial on Thursday, June 20 starting at 3 P.M. If you are available to help set up, please let me know. For signing up to work at the trial, please notify our worker scheduler, Laura Bell at camopup12@hotmail.com.

Food donations will be needed, also--more information to follow. Thanks to all who help make our trials successful!

FASTCAT HELP!

As always, we could use help at the FASTCAT events out at Duke's. If you have a few hours you can come out to help, we can certainly find a job for you.

Please contact Dale Burrier if you can help.

Raffle Items Needed!

We'll be having a basket raffle at the JUNE Agility Trial. We're asking in hopes that every agility class will put together a basket to be raffled off over the 3-day trial. It helps to have one person from the class in charge of gathering items and putting it together, but if you can't do that, individual items will be accepted too and someone from the club will put them together with other items received to form a basket. Please have individual items to the club no later than Monday June 17th.

Items and baskets we've had previously to give you ideas -

- A basket full of treats
- A basket full of dog toys
- Ryobi Fan
- Sun Shade for a car
- Dog Cot and toys
- Wine baskets
- Bird feeder basket
- Dirty dog basket

Looking ahead, after this raffle, we will not have one in October, but we will have one at the Nov/Dec trial.

Thank You!

Loyal Stay Dog Study LOY-002

I took a chance and decided to enroll my 11 year old Australian Shepherd, Gypsy, in the Loyal Stay Study for the drug LOY-002. Gypsy has played agility for a long time but is now retired. She ran in competition as Dipsy Doo. She is almost 12.

The Loyal Stay Dog Study is conducted by Loyal, a biotechnology company based in San Francisco, dedicated to extending the healthy lifespan of dogs. Loyal focuses on developing therapeutics aimed at improving the quality of life and longevity of dogs by targeting the biological mechanisms of aging.

LOY-002 is intended for dogs aged 10 or older and weighing at least 14 lb. It aims to extend healthy lifespan by targeting age-associated metabolic dysfunction.

As dogs age their metabolic health declines, leading to disease and reduced lifespan. The aim with LOY-002 is to preserve metabolic health, which they believe will delay the onset of age-associated disease and help maintain better function and quality of life.

Loyal has launched a double-blinded, placebo-controlled efficacy study recruiting 1,000 senior dogs in partnership with 55 veterinary clinics across the country.

Requirements to Join:

1. **Age:** Dogs must be at least 10 years old.
2. **Size:** Dogs must weigh at least 14 pounds.
3. **Health:** Dogs must be generally healthy but showing signs of aging.
4. **Breeds:** Open to all breeds, including mixed breeds, but exact age must be provable.
5. **Commitment:** Owners must be willing to commit to the duration of the study (4 yrs), which includes regular visits to the veterinarian and adherence to the study protocol.

In the Loyal Stay Dog Study, 50% of the participating dogs will receive a placebo instead of the active therapeutic. This double blind, placebo controlled study ensures the scientific validity and helps accurately assess the treatment's effectiveness.

In Gypsy's case, first, we looked for the nearest facility accepting new patients. The Loyal website has an interactive map of the USA showing the locations. We located the "Animal Hospital of Dauphin County (AHDC)" in Harrisburg, PA and gave them a call. The Vet clinic asked if we had Gypsy's vet records, and also, for proof of age, her AKC registration papers and breeding litter record. I already had an electronic copy of all her vet records to date because she is also enrolled in the "Dog Aging project". So, I sent the Clinic her records.

Next, I received a phone call from the Vet Clinic notifying me the paperwork was in order and the next step was to schedule a visit for a blood draw, urine sample and overall wellness check.

I made the appointment and away we went. At the Clinic, they went over the study details and I completed an electronic questionnaire about Gypsy with questions related to her health, lifestyle, pain level, activity level, mental state, with scales from 1-10.

While I completed the questionnaire, Dr. Coby Rudakewiz took Gypsy into another room and completed her exam. When they reentered the room, Dr. Coby let me know Gypsy was in good health but

would not know if she was accepted into the study until the results of the bloodwork.

A couple days later, I received a phone call the bloodwork was normal and she was accepted into the study. A bottle of drugs (or Placebo) was delivered to my house a day later. The pill is a once a day chewable, given with food. Gypsy started treatment on May 29, 2024. Her next step is to go for additional blood work in a month.

So your next questions is..... Do I see a difference after a month? Well I'm not sure.... I still run her in agility but at a lower height for exercise. I try to run her once a week. She also loves to play a lot with my puppy. The hot (90+ degree) weather is hard on her and she rest a lot in the a/c. She is very social with my other dogs but avoids rough play. She used to always pace at the door to go to class with me but maybe the past 4 months she has not, and was happy to stay home.

She is pacing at the door again to go..... I really don't know. I did get a copy of her bloodwork results for my records and there was no cost for anything.

Next visit, Floyd and I are stopping at the Sight and Sound Theatre in Lancaster. We found a hotel where you can leave your dogs in the room while you attend the show.

I'll try to keep you updated on Gypsy's status. If you have any questions, let me know.

The Loyal website is www.Loyal.com.

From Kirstie Humes

The small Shelties have a couple brags from the spring to share. Reema, now Romestar Mystical Summer NAJ CA FCAT2 TKI, earned both her FCAT2 & CA in Louisville Ky on 4-21.

At the Judge's recommendation to challenge her original measurement, we found out she was under 12" all this time (even after running a full 600yd CABT!)

After swallowing a cheese stick in the plastic wrapper whole, I didn't think Kiro would see his 1st birthday... but he did LOL

Also at the Louisville KC he earned his CA & BCAT.

A couple weeks later he earned his DCAT at Purina Farms. And most recently, at 13 months, Kiro passed his Canine Good Citizen test to become Romestar Over Drive CA DCAT CGC.

Fabulous

Currently Reema is working towards trialing in Scent Work & Kiro is learning Agility .

From Yvette Shipman

Proud of my gang at the USASA Nationals at Purina farms.

They are not used to all the activity but managed to qualify in Agility and Scent work. This is Taz, Tink, and Dee. Taz qualified twice in Advanced buried and once in Advanced Exterior.

Tink Qualified in Master Fast earning her 20th Q. Dee qualified in Novice FAST and in Scent work 2 Q's in Novice Interior and 1 in Novice container Gypsy, not pictured, earned her CGCU.

This is probably a once in a lifetime event for me but it was well worth it. If you ever get a chance to get outside of your comfort zone, go for it!

BRAGS! (cont'd)...

From Debbie Harper

HOORAY!

GCH CH Harper's The Phantom Tobias OA OAJ OF SWNE SWA

Tobey qualified in seven out of eight classes at the Cleveland All Breed Training Club scent work trial on March 30. He earned his Advanced Interior Title and completed his Scent Work Advanced Title.

Tobey also earned his Scent Work Exterior Novice Elite Title and Scent Work Novice Elite Title at the Youngstown All Breed Training Club Scent Work Trial on May 4.

Harper's The Loyal Companion Sven

Sven's first scent work trial was the YABTC trial on May 4. He qualified in all six novice classes that he was entered in and earned a third and a fourth place. We are looking forward to some possible titles at the August trial!

A Boy and His Dog

A boy and his dog racing down the street
Excited to go wherever they go
She chases a squirrel and sniffs a tree

He laughs as he's pulled along by her leash
Oh what fun they will have they never know
A boy and his dog racing down the street

They splash through puddles on a muddy beach
They romp around the yard covered in snow
She chases a squirrel and sniffs a tree

He turns away as she squats down to pee
They run down the block and they run back home
A boy and his dog racing down the street

Who owns who the eternal mystery
For these best friends never go it alone
She chases a squirrel and sniffs a tree

He leads her home when it's time for a treat
A cookie for him and for her a bone
Then they are off and racing down the street
They will chase squirrels even in their sleep
